Outputs & activities of project

Outputs

1. A digital solution to assess 21st century skills
2. Open Educational Resources to help teachers and students to implement the solution
3. An evaluation report on findings and results from the pilots of the digital solution

Activities

- Deciding on the 21st C skills to focus on – what is relevant for makerspaces?
- Designing the digital tool – gathering requirements from practitioners
- Developing the digital tool – based on previous tech & research
- Developing training materials & running training event (Sept 2021)
- Piloting tool in 4 countries (Oct 2021 – May 2022)

Thank you for being involved (couldn't do it without you)

Piloting of tool will help us to evaluate:

- How well it works – for both teachers & students
 - How is it used in the different contexts/situations?
 - Does it meet teachers' needs?
 - Is the information it gives to teachers useful? Relevant?
 - Does it help students to recognise their use of 21st C skills?
 - Does it help answer the question re Makerspaces developing 21st C Skills?
